ULTIMATE PHOTOGRAPHER FORMULA

FOR REAL ESTATE PHOTOGRAPHERS

SECTION SUMMARY

That's gonna do it for the first section of the Ultimate Photographer Formula.

HOMEWORK

Before moving on to the next section, I want you to apply what you learn in this section, try looking at the business opportunity in your area. Doing it daily will really shows you how much business there is to be had in the real estate photography business nearby.

Say you're going to charge \$100 per shoot, if you had 100% of the market times 365 days a year, the real estate photography opportunity in your area is \$10.95 million. Now it's not saying you're going to get 100% of the business but it's showing you that there is an opportunity to capture some of that money that is being spent for real estate photography services in that area.
