ULTIMATE PHOTOGRAPHER FORMULA

FOR REAL ESTATE PHOTOGRAPHERS

INTRO - EDITING METHOD

Welcome to the Editing Method section of the Ultimate Photographer Formula. In this section, we're going to go over our five-step process for editing photos. We've made it simple by design and that is so it's easy to learn. That being said don't hesitate to reach out if you guys have any questions as you go through the process.

Not only is our editing process is simple by design but it allows us to train up additional editors as well as achieve consistent results among multiple photo editors. Our editing process is a great place to start for those that are just getting started in real estate photography, or for seasoned professionals that are looking for a simpler editing process.

Now once you get a handle on real estate photography Editing Basics, you may want to try different techniques based on the phototype that you want to create.

That being said, if you're brand new to real estate photography, we recommend that you stick to our simple five step editing process. I'm excited to share our simple editing process with you.
